

# 2019 NIS Professional Women Leaders Retreat

Walking in the Light of God

Our spiritual lives as individuals and together are lives of journey. They are unfolding, en route, and along the way. Both interior and exterior walks yearn toward the light of God with its wide embrace of love. Light is the most common image for the divine across traditions.

You are invited to take time apart with others seeking

direction and guidance regarding the journeys we are on and the light we seek. This question will be ours across the retreat time: "Where do we find our steady path on which to journey for growth in spirit and joyful service in times certain and uncertain?" Let us companion one another on the road.

*The journey is home.* (Nel Morton)
